DISASTER DEBRIS RESPONSE AND RECOVERY CONTRACT

PART I – INSTRUCTIONS TO BIDDERS

PURPOSE:

The Town of Wrightsville Beach seeks a primary and secondary contractor able to assist in all aspects of disaster debris clearance, removal, management and disposal services. Due to Wrightsville Beach's proximity to the Atlantic Ocean, the Town is particularly interested in post-hurricane recovery efforts.

DESCRIPTION OF TOWN OF WRIGHTSVILLE BEACH:

Wrightsville Beach is a barrier island beach community with a permanent population of approximately 2,600. The permanent population data however, does not reasonably represent the number of households in the municipality because of a large concentration of non-resident ownership. From data collected from the 2010 Hazard Mitigation Plan (HMGP) there are 3130 residential households and 892 hotel/motel units. The town has a seasonal population of 14,000 and peak-season daytime population may approach 50,000. The Town of Wrightsville Beach is located in South Eastern North Carolina adjacent to the City of Wilmington.
