Cardio Crunch and Tone, Strengthen, & Stretch

Wrightsville Beach Residents: \$4.00 per class (\$40/month maximum)
Non-Residents : \$5.00 per class (\$50/month maximum)

Cardio Crunch: - This low impact cardio class is suitable for all ages and fitness levels. It incorporates a comprehensive warmup, cardio set, conditioning, and stretching. You're the boss of your intensity level. Bring a water bottle and a towel. You will sweat!

Tone, Strengthen, & Stretch - The name says it all for this class that uses body weight, hand weights, bands, and resistance techniques for a workout that tones and strengthens. And, don't forget the stretching! Instructor will provide options for equipment.

Barre-lates - Barre-lates class combines the movements of a high energy barre class with the toning and strengthening movements of mat pilates giving you a total body workout. Barre-lates will strengthen your core, tone your muscles, aligning and elongating your whole body. You'll even enjoy a little cardio in the mix. All fitness levels are encouraged.

Vinyasa (Power) Yoga - A rigorous, empowering yoga flow for the practitioner who desires a mindful challenge. Various sequences of poses linked together in the "Vinyasa" tradition; flowing from one to the next while focusing on breath. A typical class includes 20 minutes of sun salutation variations, 20 minutes of muscle strengthening through holding standing poses, 20 minutes of seated stretching including back bending, and hip openers. This class is appropriate for all levels.

Hatha (Gentle) Yoga - If you need to stretch, strengthen, relax, and smile, you should try Gentle Yoga. This alignment-based yoga will help to increase essential mobility, balance, and foundational strength. The class features slow stretches and focus work on proper alignment suitable for all fitness levels with the instructor making adjustments to suit each participant's ability.

IMPORTANT INFORMATION REGARDING PARTICIPATION IN CLASSES:

Participation in Parks and Recreation fitness classes currently requires preregistration for billing purposes. Visit our website for registration.
