Wrightsville Beach Fire Department Recognized for Excellence in Training Management

WRIGHTSVILLE BEACH, NC, [September 2, 2025] – Wrightsville Beach Fire Department (WBFD) announced today that it has been recognized for excellence in training management in 2024 by Fire Rescue One, Lexipol, the leading provider of solutions that empower performance excellence in public safety. This is the second consecutive year WBFD has earned this recognition.

The Lexipol Connect program tracks Wrightsville Beach Fire Department’s performance on five metrics proven to measure success in training management. WBFD achieved bronze recognition for consistent and effective online training management, which includes training hours assigned, and completions tracked, personnel engagement, and external training activities logged.

“Ongoing training is vital to equipping our personnel with the knowledge and skills they need to protect and serve our community effectively,” said Matt Holland, WBFD Fire Chief. “We are honored to receive this recognition from Lexipol Connect, which underscores our commitment to excellence in training” says Holland, Fire Chief.

Wrightsville Beach Fire Department’s excellence in training management enhances community safety by helping personnel remain up to date with the latest tactics, technologies and strategies.
